MEMORANDUM FOR: CHIEF, POLITICAL AND PSYCHOLOGICAL WARFARE
CHIEF, NE DIVISION
CHIEF, FE DIVISION
CHIEF, WH DIVISION

SUBJECT : Preparation of Staff Studies in accordance with
PSB D-31, dated 26 November 1952

1. PSB D-31 establishes five courses of action as an interim strategic concept for a national psychological program with particular reference to cold war operations under NSC 10/5. The courses of action listed should be given greater emphasis than they are currently receiving, and satisfy the criteria of effectiveness, feasibility, acceptable risk, and flexibility. Detailed studies may reveal that effective action within some of these categories is beyond our capabilities. Accordingly, CIA is called upon to prepare individual priority studies with respect to each course of action. A particular course of action of direct concern to you is extracted below, as follows:

"Covert Political Action to Strengthen Critical Free World Areas Against Developments Which Might be Favorable to Communist Objectives."

"The studies and planning that are indicated involve both CIA and the State Department. Each agency should make concrete correlated proposals within the foregoing framework."

2. CPP is assigned the primary staff responsibility for coordinating with the respective area divisions the preparation of studies or plans outlined above.
